

MAT STEEL

MAT Steel

 Our company was established by the reliance on the 30-year experience of its managers in the field of producing stainless steel tableware by the objective of producing new, beautiful and durable products based on metal (Stainless Steel 18/10).
By application of the best primary standard materials and also the best methods, we have produced our products. We hope that it can be accepted by its consumers.
Surely, durability and lasting beauty of our products for years will testify for observance of consumers' rights.

Matsteel Metal Company

 Firmamız sofra sanatları üretimindeki 30 yıllık tecrübe dayanarak, 18/10 paslanmaz çelik'ten yapılan güzel görünümlü ve dayanıklı ürünler üzerine kurulmuştur.
Amacımıza ulaşmamız için, en kaliteli malzemeleri kullanarak en güncel yöntemle üretimimiz gerçekleşti.
Ürünümüzü tüketici tarafından kabul edilmesini arzu ederiz.
Sanatımız uzun vadeli dayanıklılığı ve kalıcı güzelliği, tüketici haklarını firmamız tarafından korunmasına bir kanıt olacaktır.

Matsteel sofra sanatı

UK Matsteel products are coated with gold and rose-gold paints using the physical vapor deposition (PVD) technique. The superiority of PVD coating over other techniques lies in its extreme resistance to abrasion, corrosion, and discoloration. Relying on this technology, Mat Steel offers all PVD-coated products a 10-year warranty against discoloration.

C Matsteel ürünlerinin üzerindeki altın ve altıngül kaplamalar nanoteknoloji ve P.V.D (Physical Vapor Deposition) yöntemini kullanarak yapılmaktadır. P.V.D kaplamaların diğer kaplamalara göre üstünlüğü aşınma, korozyon ve renk bozulmasına karşı son derece yüksek bir dirence sahip olmaktadır. Bu teknolojiye dayanarak Matsteel 10 yıllık renk kalıcılığı garantisini sunmaktadır.
